

PA Youth Livestock Expo

DNA Collection Form

Please download and print this form out and include with each DNA sample in a sealed plastic bag.

All junior market steers, lambs, goats, pigs must submit DNA samples to PAYLE. **Hair will be used for DNA validation on all species.** DNA hair samples for livestock being shown at the 2021 PAYLE must be submitted with the below form along with DNA in a sealed plastic bag. **All market animal DNA is due postmarked by October 1st, 2021.** DNA processing is \$10.00 per animal. One form per animal -There is no limit on the number of DNA samples that an exhibitor may submit. DNA validation does not constitute an entry into the 2021 PAYLE Show. Regular entry procedure must be followed.

If DNA is postmarked and/or received between October 2nd and October 15th, there will be a \$20 late processing fee per exhibitor. Please include this late processing fee with your DNA samples. If your late processing fee is not included, your DNA will not be processed.
